

Chairman's Report

We say it every year, where has this year gone? Wow! Nearly time to reflect what water has flowed under the 2007 bridge. But there is still so much to be done before we start reflecting.

The Raffle and Jamboree are well on course. If you would like to sell tickets, please contact Pierre – don't forget the first prize is a stainless steel built-in braai valued at R6000.00 – plus may more prizes just as attractive. Tickets are only R5.00 each so go ahead and buy a sheet at a time!

Gys has been co-opted to the Committee as driver training and soon he will be undergoing training himself in order that the training we offer will be accredited. His first objective is to train 35 NSRI candidates – good luck Gys. The Committee obviously is standing by to assist him. There is a spin-off in that we will place ourselves under command of NSRI to assist in cases of emergency. Volunteers will be called on should the need arise. Please refer regularly to our website for updates. All announcements will be made on the web with regular reminders via e-mail and cellphone.

The Southern get together is now a thing of the past. We all enjoyed ourselves and although the lowest representation was from Port Elizabeth, our commitment will have to increase drastically as we are hosting this event next year, so, once you get your 2008 diary, diarize the long week-end at the end of September 2008. I promise it will be an event not to miss.

Then on the personal side, my own business commitments have recently been escalating to the extent that I am no longer able to spend the time necessary on club matters. I am therefore compelled to hand over my chairmanship to Johan Westraadt whom I am sure will carry this club forward from strength to strength. I hereby thank the members and the Committee for all the support I have enjoyed during the last five years.

Good Luck.

Hannes
