

April 2008

Oosterland Youth Centre

The Four Wheel Drive Club of Southern Africa – Port Elizabeth formally became involved with Oosterland in 2006. We initially assisted the previous sponsor with an outing that saw 25 boys enjoy a week end of camping, swimming, 4 x 4 trips and loads of fun.

In 2007 we treated 34 girls to an outdoors fun filled week end. With the enormous support from both club members and the private sector we decided to extend this project to include both the boys and girls on a yearly basis.

Ons is bevoorreg om die natuur op 'n gereelde grondslag te ervaar. Deur dit met die kinders te deel, help ons hulle om 'n gesonde respek en waardering vir die natuur te kweek. Die lekkerkry van gee verander maklik in 'n knop in die keel as 'n mens die opregte dankbaarheid en waardering sien wat so 'n naweek by die kinders wek.

It is a privilege to be associated with Oosterland Youth Centre and we commend their efforts.

Should you wish to get involved with this worthy project you can contact the run co-ordinators for more info.
